

How to review the ED Track Board

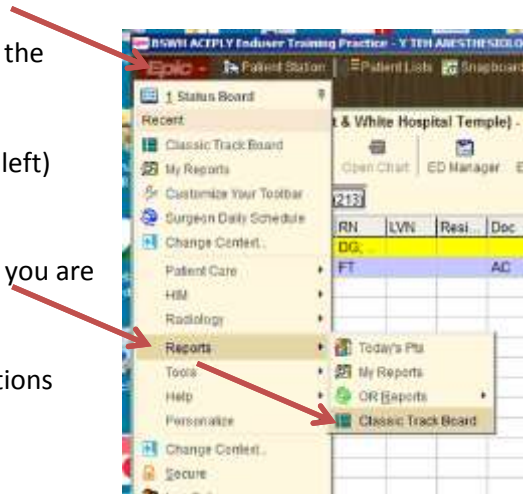

The Emergency Department Track Board lists the status of the patients in the ED

To access the ED Track Board click on the **Epic** button (top left) and choose **Reports** and then click on **Classic Track Board**.

This will open the ED Track Board for the Context/location you are signed into.

The **Consults** tab shows those patients who have consultations pending. (see screen shot below).

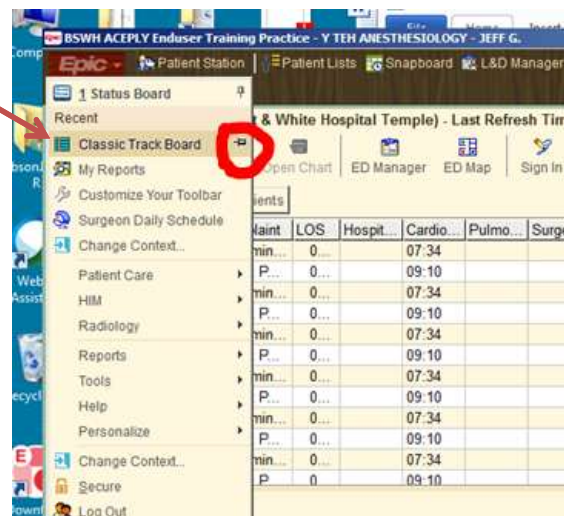

Click the **All Patients** tab for the full ED census.
